Comments: This is for Bill Reid, my Delta Brother. I remember that day very well,

Christmas Eve. Beautiful cloudless day with blue skies. I was in 2nd. Platoon of Bravo. We went out on a walking hump ended up being picked by choppers as a blocking force for Alpha Co. when they made contact near the HoBo Woods. Well, we got shot at and had some 60mm mortars land around us but we came out fine. We humped back to Pershing and just as we got close to the entrance all hell broke loose from 6-A. We knew you guys got hit out there right before the truce went into effect. All the gook rounds were zipping right through us and we hit the dirt. When it got quiet, Bravo turned around and headed out to you and we met halfway back to Pershing. I clearly remember a black soldier with his arm all bandaged up. Had to be Horton. I asked if there were KIAs and told "no". Just want you to know that the pyrotechnic display that night was compliments of 2nd. Platoon of 'Bad Ass' Bravo Co. We raided the BN bunker and took all the cases out and spread them around the bunkers of Pershing. The word was a red star cluster at 9:00. I shot that sucker off and for the next five minutes I had the best Christmas Eve to this date. God bless all my brothers of 2/12 White Warriors.

Comments: i was given this link from my cousin Ron Fazio almost a year ago

i was a little too young to remember all the details of his being in the service at the time

i enjoyed seeing him in a context i never realized before

i also got a perspective on how it might have been for him and others who went and fought in Viet Nam and how grateful his and others parents must have felt when he (they) returned home

and also those who didn't get the chance to return home to their loved ones

God bless all of them

Comments: I was referred to this site by Ken Doc Blakey. I had been on the 25th site and he picked up a note I had sent asking for anyone who new my brother, PFC Richard DeAngelis when he was in Vietnam from 9/68-10/16/68 when he was KIA in Hau Nghia Province. He served in Co. A, 4th Platoon. That's all I know and I got that off of his letter. He was a combat medic and Ken thought that he had met him when Ken was returning from the bush and Richard was going in. My brother earned the Bronze Star and the Silver Star for Gallantry in Action. Of course, all of that came about after he died. If any of you knew him for the brief time he was there, I would appreciate hearing from you. I am proud of all of you for what you have done for our country. Thank you.

I was a USAF nurse from 1964-1966, but didn't go overseas.

Thanks Doc Blakey for giving me the information. You've been a great new friend.

I. DESCRIPTION: A silver and enamel badge 1 inch in height and 3 inches in width, consisting of an infantry musket on a light blue bar with a silver border, on and over an elliptical oak wreath. Stars are added at the top of the wreath to indicate subsequent awards; one star for the second award, two stars for the third award and three stars for the fourth award.

II. SYMBOLISM: The bar is blue, the color associated with the Infantry branch. The musket is adapted from the Infantry insignia of branch and represents the first official U.S. shoulder arm, the 1795 model Springfield Arsenal musket. It was adopted as the official Infantry branch insignia in 1924. The oak symbolizes steadfastness, strength and loyalty.

III. AWARD ELIGIBILITY: There are basically three requirements for award of the CIB. The soldier must be an infantryman satisfactorily performing infantry duties, must be assigned to an infantry unit during such time as the unit is engaged in active ground combat, and must actively participate in such ground combat.

(1) A soldier must be an Army infantry or special forces officer (SSI 11 or 18) in the grade of Colonel or below, or an Army enlisted soldier or warrant officer with an infantry or special forces MOS, who subsequent to 6 December 1941 has satisfactorily performed duty while assigned or attached as a member of an infantry, ranger or special forces unit of brigade, regimental, or smaller size during any period such unit was engaged in active ground combat. Eligibility for Special Forces personnel (less Special Forces medical sergeant) accrues from 20 December 1989. Retroactive awards for Special Forces personnel are not authorized.

(2) A recipient must be personally present and under hostile fire while serving in an assigned infantry or Special Forces primary duty, in a unit actively engaged in ground combat with the enemy. The unit in question can be of any size smaller than brigade.

(3) Personnel with other than an infantry or special forces MOS are not eligible, regardless of the circumstances. The infantry or special forces SSI or MOS does not necessarily have to be the soldier's primary specialty, as

long as the soldier has been properly trained in infantry or special forces tactics, possesses the appropriate skill code, and is serving in that specialty when engaged in active ground combat as described above. Commanders are not authorized to make any exceptions to this policy.

(4) On or after 18 September 2001:

a. A soldier must be an Army infantry or special forces officer (SSI 11 or 18) in the grade of colonel or below, or an Army enlisted soldier or warrant officer with an infantry or special forces MOS, who has satisfactorily performed duty while assigned or attached as a member of an infantry, ranger or special forces unit of brigade, regimental or smaller size during any period such unit was engaged in active ground combat, to close with and destroy the enemy with direct fires.

b. A soldier must be personally present and under fire while serving in an assigned infantry or Special Forces primary duty, in a unit engaged in active ground combat to close with and destroy the enemy with direct fires.

c. Soldiers possessing MOS of 18D (Special Forces Medical Sergeant) who satisfactorily perform special forces duties while assigned or attached to a special forces unit of brigade, regimental, or smaller size during any period such unit is engaged in active ground combat may be awarded the CIB. These soldiers must have been personally present and engaged in active ground combat, to close with and destroy the enemy with direct fires. Retroactive awards under these criteria are not authorized for service prior to 18 September 2001.

d. Those soldiers possessing MOS of 18D who qualify for award of the CMB from 18 September 2001 to the 3 June 2005, will remain qualified for the badge. Upon request any such soldier may be awarded the CIB instead of the CMB. In such instances, the soldier must submit a request through the chain of command to the CG, U.S. Army Human Resources Command, ATTN: AHRC-PDO-PA, 200 Stovall Street, Alexandria, VA 22332-0471 for conversion of the CMB to the CIB.

e. Service members from the other U.S. Armed Forces and foreign military (infantry and Special Forces equivalents) assigned or attached as a member of a U.S. Army infantry or Special Forces unit of brigade, regimental, or smaller size may be considered for award of the CIB. All basic requirements as listed above must be met. Retroactive awards under these criteria are not authorized for service prior to 18 September 2001.

(5) Awards will not be made to General Officers nor to members of headquarters companies of units larger in size than brigade.

(6) Special eligibility requirements by geographic area are listed in Army Regulation 600-8-22.

IV. DATE APPROVED: The Combat Infantryman Badge was approved by the Secretary of War on 7 October 1943 and announced in War Department Circular 269 dated 27 October 1943. On 8 February 1952, the Chief of Staff, Army, approved a proposal to add stars to the Combat Infantryman Badge to indicate award of the badge in separate wars. Under this change in policy, the badge was no longer limited to a one-time award, but could now be awarded to eligible individuals for each war in which they participated. The policy was expanded to permit award to Command Sergeants Major of infantry battalions or brigades, effective 1 December 1967. On 11 February 2005, the Chief of Staff, Army, approved changes to the CIB policy.

V. SUBDUED BADGES: Subdued badges are authorized in metal and cloth. The metal badge has a black finish. The cloth badge has olive green base cloth with the rifle, wreath, stars and border of the bar embroidered in black.

VI. MINIATURE BADGES: A dress miniature badge, 1 1/4 inches in length is authorized for wear on the mess uniforms. A miniature badge, 1 3/4 inches is also authorized in lieu of the regular size badge.

Welcome home
I was the First member of the 4-2 mortar platoon to arrive in vietnam. 9/17/1966 with the 2/12 HHC 4th Infantry Div. and later we were changed to the 25th Infantry. We first went to Bear Cat & shortly set up the Dau Teing base camp. Nothing there but the air strip and the VC. We also were in and out of Tay Ninh & around the Black Virgin Mountain from time to time.
I was also the last original member of the 4.2 mortar platoon to leave Dau Teing.
We are having a reunion with the 3/22 in Milwaukee,WI this summer and would like to to meet and hear from some of you vets that served after we lefted. The link to the reunion is: http://c322association.org/c322association_007.htm
Please visit it and hopely some of you guys will come also. I would like for you guys to also join our web site with the Original 4.2 Mortar Platoon at <http://www.southern-customs.com/4-2.html>
Please have your guys to register on the guest book if they plan on

comming to the reunion. Also we would love to have you to join us on our message board.

Just saying HELLO to fellow VETs.

I was based in Dau Tieng but I didn't see the base camp much. As a grunt I was in the field most of the time. Would look forward to communicating with anyone that may remember me. I wish I remembered more of you but in many cases we never got to know each others full name. I remember some "nicknames" such as, Love Man, Stoney, Beachboy, Badger, Alabama, Shotgun, etc. but they are not tied to a formal name. It was an interesting time in our lives.---

My wife and I this past week went to a Purple Heart ceremony at Brooke Army Medical Center at Ft Sam Houston for several 25th ID troops wounded in the mess tent incident. I was very impressed while talking to one of the young infantryman who told me that all he wanted to do was get well enough to rejoin his unit. Rest assured my brothers that the troops of today's 25th are every bit as good as those that went before them. God bless em, and God bless you. Welcome home. Billy Duncan, LT, 3/C/2/12, '69.

I just returned from Mosul and am very sad to report that the highest number of casualties in the mess hall attack were most likely our brothers from the 25th ID. I surmise this only because the 25th is in FWB Marez and comprised the overwhelming number of soldiers I saw on the base and in the mess hall. As all of us were so many years ago in our war, they were mostly very young men, anxious to do their job and go home. Their families need our prayers.

My husband was in Nam with 4th div, 1/12 from March '68 to March '69. The Records Center sent us morning reports for the 2/12 of the 25th division for March 23 to about mid-April. I would be happy to send copies to anyone who may be interested. The morning reports list the guys who arrived to the unit or departed the unit that day.

Comments: I was the 'Lethal Warrior' Medical Platoon Sergeant (E6) from Nov '89-June '93. Never made it to Desert Storm, as unit was in transition, and non-deployable. Had a 0% died-of-wounds rate at the NTC, a record I believe still stands. Kicked ass at Pinion Canyon and trained our round-out BDE in OR among other missions. Coin # 273. Best duty I ever had. Good luck to those who now keep 2/12 filled with Combat Medics and crazy Bn Cdr's!

I gave Mike some info. on my search for Richard Newport (Cpt) I was hot on his trail until I had a little heart problem. With help from Dr. Paul Rhoades Mike Located Newport a few days ago. Through Cpt. Newport we found Bastidis Sp? his old RTO. We will continue looking and finding our brothers. Looking for James Ming-I noticed one signed the guest book but I could not make contact with him. Ray Lucero, Stan Midnight Darden, Ken Cook. Sandy Santiago and myself met with Willie Hunter's mother-Willie died in my arms and was well thought of throughout D Co., She is a wonderful woman of 84 years. Too great a sacrifice. We also stopped in Ft. Benning and met with Lt. Dennis Gnas and his wife Kathy. It was a super meeting and Kathy is a great cook. I have located Dennis Sheppard medic as well. Thanks Ray for this site it has caused some great reunions via the locator page too.

Comments: I am glad I found this site. I am the proud niece of William S. Sabbah (Willie ?) who served in Bravo Company at Cu Chi. The dates are difficult but I am pretty sure he was there for 2 tours starting mid 69 and leaving sometime in 71. He was MOS 11B10 but plucked as a tunnel rat b/c he was only 5'2" and 130 lbs. Life has been hard for him since he returned, he didn't come back the same. He went into a diabetic coma 2 weeks ago and while I know a few things I am trying to find out more. He has a 10 year old son and I want to be able to give his son as much information about him. His son needs to know what he gave for his country. Thank you.

Comments: Please read the below article. Does anyone knows what happened to our Totem Pole. This is Marty Martinez, 2/12 Inf. 25Inf. Div. Served 1/8/68 to 1/8/69. Delta Company.

DAU TIENG-Depicting major conflicts in the history of the United States in which the 2nd Bn., 12th Inf., has taken part, the "Warrior" totem pole, situated in front of battalion headquarters, received a new addition on May Day.

Unvelled in a brief ceremony, the newest addition had been placed into position atop the 40 foot structure. Its depicts a North Vietnamese Regular, symbolizing the unit's participation in the Vietnam Conflict.

Long before the unit's arrival in Vietnam, the totem pole served to remind all incoming recruits of the outstanding performamnce's they were called upon to continue as an integral part of the 2/12th's fighting force.

Each figure carved in the pole represents the unit's participation in a major conflict, beginning with the War of 1812, proceeding through the Mexican War, Civil War, World War I, World War II and now the conflict in Vietnam.

When the unit deployed to Southeast Asia, the pole was left behind at Ft. Lewis, Wash. Responding to a challenge from his fellow officers, Bn, commander COL. Marvin D. Fuller had the pole cut into segments, carefully packed and crated and shipped to Vietnam. It was not until the unit reached Dau Tieng and Camp Ranier that the pole was reconstructed.

A large combat infantryman's badge rests near the top of the totem pole now stands as it did back in the states as a tribute to those who have served so faithfully in the 2nd Bn., 12th Inf. since its beginning.

What happened to our Totem Pole? I would like to have pictures of the Totem Pole or locate it.

God Bless all of you.

Marty

Comments: B Company Reunion plans are all made. Now it's up to you to make it a reality.
Hotel- Hawthorn Suites Indianapolis East Indianapolis, IN 317-322-0011
Dates August 22-24,2003
They are holding 35 rooms for us, but you have to make your reservations by July 22, 2003. Mention that you are with "B Company 2/12 INF. 25th INF. DIV. Vietnam" to get the group rate of \$89.00. We need at least 10 rooms to get a free Hospitality suite for the 22nd and 23rd.
Hopefully we'll have a good turnout. Bring your pictures and the beverage and snacks of your choice. There is an indoor pool and you get a free hot breakfast buffet. We are mostly from the 3rd platoon from the 68-70 time period, but all B Company members are welcome. To get a list of the names and addresses that I have compiled, e-mail me. Hope to see you in August. Take care and God Bless, Dan

Reg. 1963-1964 Both these Units were part of the 1St. Infantry Division "THE BIG RED ONE". During this... Cold War Era. Would greatly appreciate any information about, or responses from former members of either of these units. The 2/12Th. was disbanded at Ft. Riley, shortly after I left, and then became the 2Bn. 18Th. Inf. Reg. I have been told that the 1/16Th. went to Vietnam in 1965 and then became the 5/60th in 1968.</p>

Comments: Just refreshing my prior entry. B Company, 1st Platoon, 12/1968 - 12/1969. Hello to all 2/12th Vets. Watching the 7,000 marines shipping out over the last couple of days is like watching us some 30 years ago - were we really that young?. Keep them and their families in your prayers.
